Unity Living

# Who we are

We are a registered NDIS Disability & My Aged Care service provider, dedicated to enhancing the quality of life for our clients.

Our aim is to provide compassionate care at home and in the community, empowering individuals to live independently with dignity, and without stigmatisation.

# What we do

We offer a wide range of services, including in-home and community-based services, delivered by a team of compassionate and skilled professionals promoting independence, choice, and control.

### Home Help & Personal Care

Assistance with daily tasks such as personal care, medication prompting, companionship, laundry, and meal preparation

### Community Access

Help with transport for shopping, general appointments, community-based activities, recreation and leisure

### Domestic Cleaning

Regular domestic cleaning around the home, with equipment and consumables to be supplied by the client

### Gardening

Light gardening maintenance and clean up, includes tools of the trade and fuel usage. Excludes debris removal

# Our Process

Our services support daily tasks at home and in the community with personalised care plans that meet the unique needs of each client.

When you start with us, you'll be able to choose from available carers and provide feedback to help us improve our services.

1

**Discover how our services can help you**

Together, we will custom design a support plan based on your needs.

2

**Choose from our available workers**

Allowing you to choose who you want to be part of your care team.

3

**Commencement of services**

Using your custom support plan and chosen workers.

4

**Ongoing feedback and review**

This allows us to improve quality of our service delivery.

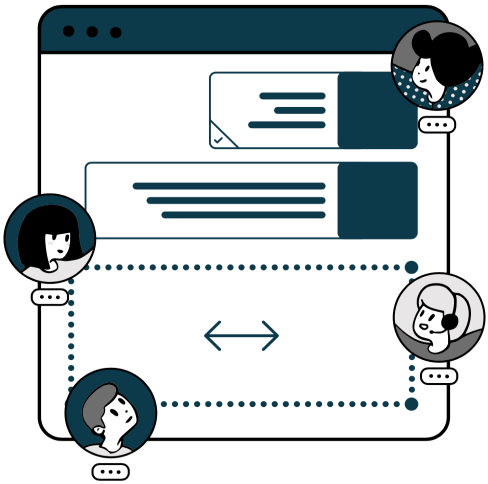

# Portal Reporting

Coordinators, family members and care teams can access and export the information they need as often as they need it.
